A DEVOTED AA REBEI AND THE FORUM

When I'd been sober over ten years, I developed a the When I'd been soper of the work of the wor that those in middle and prolonged sobriety were being he that those in middle and that a new group was needed aside by newcomers and for those who disagreed with inherent reprecepts held by some AAs.

Children's Hospital in San Francisco provided a hospital children's room for an evening meeting. The new group, called rum, first met on August 17, 1965. There were about total group was designed to welcome mid-timers and oldered and those who were unhappy with the religious common AA's Twelve Steps. Oddly, by this time, I had become an comfortable with the words that had previously bothered need Twelve Steps of AA. I realized that many AA members likelin needed the religious flavor of Steps Four, Five, Six, Sens. # Eleven. Nevertheless, many others were at unrest. Some of in had decided to leave AA because they deduced, incompleourse-that AA was a religious organization.

In order to entice these discontented members to hang and designed a ten-step program of recovery from chemical dency for them. We made it very clear in the Forum meeting that " Steps did not replace AA's Twelve Steps. They were for strain chemical dependents who were uncomfortable with the Tash ps. The rest of us used the Twelve Steps of AA. The Forum's credo: "The Chemical Dependency forst gned to offer help to persons using any kind of medaca

The following outlines the ten step program which agnostic and atheist recovering people could use:

Chemical Dependency Forum

- I. We realize deeply that we cannot handle mind-altering drugs safely... our attempt to do so courts disaster.
- 2. As we commit ourselves to abstinence, we welcome Nature's healing process into our lives.
- 3. In the Forum group, we discuss our common problems in recovery; to do so hastens healing.
- 4. We find a friend, usually also recovering, with whom we can discuss our deepest, guarded secrets. Release and freedom
- 5. By making amends to ourselves and to others, we put to rest past injuries.
- 6. When we face our emotional problems squarely, we discover that change automatically happens. We do not seek change . . . it simply occurs.
- 7. Our lives are orderly and full of meaning as we live second for second-now.
- 8. Recovery together constitutes a fabric of unity. Each of us, however, follows a unique, personalized pattern of recovery.
- 9. We share our lives with those who are still drinking or using-Many of them decide to join us.
